It's News Here!

Creatures Stalk The Night at Halloween Spook House

If you're frail of body, subject to occasional fainting spells, or just plain timid, don't even think of visiting the Chamber's Halloween Spook House. The terror that you will encounter could be life threatening.

However, if you are strong, and think you're brave enough, and don't mind some premature gray hair and an occasional nightmare, we have the thrill you're looking for.

Beginning Friday, Oct. 24th, and running through Halloween Oct. 31, the Grayling Regional Chamber of Commerce will be running a Halloween Spook House in the old Hunter's Dairy-Montgomery Ward building. Admission will be \$1.00.

Everyone under 18 must have a release form signed by a parent or guardian to be admitted. Children under 7 must be accompanied through the house by an adult.

The spook house will be open nightly from 7:00 p.m. until 10:00 p.m. and on Halloween from 6:00 until 10:00. Tickets and release forms may be picked up starting on Monday, October 20, at the Chamber office in the City Park.

Grayling High School Homecoming Parade Begins at 4:30 p.m. Friday

This year the GHS Homecoming parade will line up on Spruce Street in front of St. Mary's parking lot. From there it will proceed right to Ogemaw Street, left to Peninsular, left on to Michigan Avenue, and right to Plum Street. It will start at 4:30 p.m. and all participants should be there at 4:00 p.m. to line up.

Stolen Vehicle Recovered in County

The Crawford County Sheriff Department recovered a vehicle stolen from Roseville on Sept. 21. A sheriff deputy was making a traffic stop on a person driving the car and the Law Enforcement Information Network (LEIN) showed the car was stolen. The sheriff deputy stopped the stolen vehicle one mile east of Grayling on M-72 at 7:22 p.m. Friday, Oct. 10. A 21-year-old Grayling resident was arrested in connection with the stolen vehicle. Police say the suspect used to live in Roseville.

GHS Band Joins Celebration of 'Thank You Grayling Day'

The Grayling High School band will join in "Thank You Grayling Day" activities Wednesday by performing next to the Grayling State Bank. The band is scheduled to begin playing at 11:30 a.m. on Peninsular Street next to the bank.

Giant Halloween Party Planned

More than 1,000 Grayling and Frederic elementary students will take part in a giant Halloween party sponsored by local businesses. Bags of donated goodies will be given out Friday, Oct. 31, to 1,024 Kindergarten to sixth graders at the two schools. Mercy Hospital of Grayling and the WGRY radio station are co-ordinating the event. Donating goodies for the party are K-mart, Glen's Market, 7-Eleven, Pizza Hut, Grayling State Bank, Big Boy, McDonald's, Wendy's, Rochettes IGA, Ben Franklin, and A & P. The students will also have a chance to win prizes for coming up with a name for the giant Halloween party.

Grayling Housing Commission Receives Loan for Emergency Call System

Congressman Bill Schuette announced Tuesday that the Grayling Housing Commission will receive a \$12,500 loan for the repair and upgrade of the emergency call system in elderly and public housing units.

"I am very pleased that the U.S. Department of Housing and Urban Development has made these funds available to the people of Grayling," said Congressman Schuette. "Older citizens especially need to know that, in an emergency, help is on the way quickly, and this money will aid in insuring that."

Free Admission Offered at Museum For 'Thank You Grayling' Day

The Grayling Historical Museum will be open on Wednesday, October 15th, from 3 to 5 p.m. There will be no admission charged that day, according to Bob Ruddy, as this is the Historical Society's way of saying "Thank You Grayling."

Range Firing Conducted

"Range firing will be conducted at Camp Grayling during the period 15 Oct 86 thru 22 Oct 86.

Firing will be in the following areas on the dates and times as indicated.

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek. Firing will begin at 8:00 AM 18 Oct 86 and cease at 5:00 PM 19 Oct 86.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97 (Twin Bridge Rd). Firing will begin at 8:00 AM (Daily) 15 Oct 86 and cease at 5:00 PM (Daily) 22 Oct 86 and run continuous from 8:00 AM 18 Oct 86 to 5:00 PM 19 Oct 86.

Red Cross Carries Heavy Load in Crawford County

By Jon Thompson

October is the fund drive month for the Crawford County Chapter of the American Red Cross.

But before you mumble "I gave at the office," and try to slink away without donating, consider what the Red Cross does.

We all notice the Red Cross helping people across the world when disasters strike. Television shows the Red Cross at hurricanes, floods, tornados, fires, earthquakes, and other horrible scenes.

But who notices the Red Cross at work in Crawford County?

Did you know in 1985-86 local Red Cross volunteers Howard VanDeWater, Clarence

Burse, and Tom Welsh assisted in ten local disaster cases? The local Red Cross chapter distributed \$3,379 to families for emergency food and clothing.

Disaster aid is one of seven areas Red Cross lends a hand to Crawford County residents. Service to Military Families and Veterans, Blood Services, Health and Nursing, V.A. Clinic, CPR and First Aid, and Water Safety are the other six areas.

Not very important to the county?

A student of the Red Cross CPR and First Aid classes taught by Tony Doremire saved a baby's life in the county this year.

Commission On Aging Seeks 1/4 Mill Renewal In November Election

The Crawford County Commission on Aging is seeking a renewal of their current quarter mill tax that is used to fund programs for seniors.

The renewal millage question will be on the November ballot. Approximately \$49,500 will be generated by the quarter mill and the Commission on Aging is asking for a two-year renewal.

Initially, Crawford County voters approved the quarter mill for the Commission on Aging for four years. Then a two-year renewal was approved by voters in 1984.

The two-year renewal requested on the November ballot is for 1987 and 1988.

A portion of the money earned through the millage will be used as a cash match for federal and state monies received by the Commission on Aging. Part of the millage will be used to pay \$10,300 in rent to the Grayling Housing Commission. Sherry Haag, program director for the Commission on Aging, said all of the monies raised by the millage will be used to support established programs or develop new services for

seniors.

Haag was concerned that some people believe this is a new tax request by the Commission on Aging.

"This is a renewal. It is not a new tax," she stressed, "but a continuation of the existing tax."

In addition to the millage, Haag said the Commission on Aging must continue to raise about \$25,000 a year in program donations.

Some of the services offered through the Commission on Aging are Home Delivered Meals, Care Co-ordination, Information and Referral, Homemaking, Chore and Personal Care Services, on-site daily meals, Senior Companion Program, Recreational Activities, and Adult Enrichment Activities.

Without millage money, Haag said present services would have to be drastically reduced.

Commission on Aging services are available to all residents of Crawford County, 60 years or older, regardless of income. For questions about the millage or services, call Haag at 348-8342.

GHS Will Join New 8-Team League in '88

The Crawford AuSable School Board voted Monday night to join a new eight-team sports league for the 1988-89 school year.

The new league will include Charlevoix, Cheboygan, Gaylord, Grayling, Petoskey, Rogers City, Sault Ste. Marie, and St. Ignace — all current members of the Michigan Huron Shores Conference (MHSC).

The ten-member MHSC will disband at the end of the 1987-88 season. Only Onaway and Boyne City are not included in the new league.

GHS was not involved in the break-up of the MHSC, said Superintendent Kent Reynolds, and would just as soon have the league stay as it was.

But with the break-up of the league, GHS was almost forced to join a new league.

"We looked at leagues to the south, east, and west and nothing looked as sure as the new eight team league," explained Reynolds.

Going independent isn't much of an option in the north.

"It makes scheduling too difficult," Reynolds said. "Take football for example. An eight-team league will schedule all their league games for the last seven weeks. It's easy enough for an independent to find games the first two weeks but almost impossible during the middle of the season."

Reynolds said the long travel to Sault Ste. Marie was a concern of coaches and board members before joining the new league. Athletic Director Mike Branch will try to work out schedules that avoid students traveling to Sault Ste. Marie on school nights.

Reynolds pointed out that at least the trip to Sault Ste. Marie is on good roads. He said travel as an independent team would probably be worse because games with distant or out-of-the-way schools would have to be played to fill out a schedule.

A new name for the eight-team league will be established and by-laws for the league will be voted on by school boards.

One reason for the break-up of the MHSC was the desire of the class B schools to get rid of some of the class C schools. The class B schools felt playing too many class C schools was hurting them in the school football play-off ranking system.

Sault Ste. Marie, class B, is the largest high school in the new league with 950 students. Petoskey, class B, has 840, Gaylord, class B, has 820, Cheboygan, class B, has 800, Grayling, class C, has 542, Charlevoix, class C, has 500, Rogers City, class C, has 450, and St. Ignace, class C, has 315. Boyne City and Onaway were class C schools.

Sister Mary Ellen Howard Takes Argentine Post

New President Named at Mercy Hospital

The Divisional Boards of Mercy Hospital of Grayling and Mercy Hospital of Cadillac announce the appointment of Robert Maher as President and Chief Executive Officer of both Mercy Hospitals in Cadillac and Grayling, effective January 1, 1987. Maher will have an office at both

hospitals to further integrate services and staff at the two health care institutions.

Over the past few years, both divisions have met and developed many shared programs in northern Michigan to maximize the service provided by Mercy Hospitals in Cadillac and Grayling. In the past few months, the governing bodies of both hospitals have met and decided that a shared CEO position would promote the continued effort to integrate the health care facilities.

"Sharing personnel and services has resulted in significant savings," said Sister Mary Ellen Howard, RSM, President and Chief Executive Officer of Mercy Hospital, Grayling. "The two hospitals have saved in excess of \$440,000 per year; these dollars have been freed up for new jobs, equipment, and services. Rural Hospitals in these changing times need to take decisive action to make sure they are able to continue offering quality service to their communities in a cost effective manner."

The two hospitals have been able to add services while holding the line on price increases, largely through their cooperative efforts.

Sister Mary Ellen, who came to Grayling in July of 1983, will be relocating to Argentina in South America to assist the Argentine Sisters of Mercy in their

development of health care services for the poor they serve.

"I have always liked Grayling and I will miss the town and its people," said Sister Mary Ellen. "Over the past three years I have met some wonderful people and have really felt like a part of this community. I have very special memories of the many fine physicians and staff at the hospital, and of the Grayling community."

Mr. Maher has been Chief Executive Officer at Mercy Hospital, Cadillac, since August, 1985. Maher brings 17 years experience in health care administration to Grayling. His service to the Sisters of Mercy hospitals in Michigan includes Senior Vice President and Chief Financial Officer at Saint Mary's Hospital in Grand Rapids; and Director of Accounting and Director of Finance at Saint Joseph Mercy Hospital in Ann Arbor.

Robert Maher was born and raised in Detroit. He and his wife, Karen, have three daughters.

The position of Chief Executive Officer is one of several managerial positions shared between the Sisters of Mercy Health Corporation's two divisions in northern Michigan. Purchasing Director Mark Cook, Human Resources Director Sue Sowulewski, Vice President of Planning/Marketing Jim Packard, Laboratory

Director Jim Napora, and Chief Fiscal Officer Carey McLain are among those who have shared job responsibilities at Mercy Hospitals in Cadillac and Grayling.

"Sharing professional and technical expertise among staff will help us reduce expenses," said Maher.

From Our Corner...

For a while I didn't think I would have to write a column this week...every typewriter I tried to use had something wrong with it, until I found this one, so, I guess I'm stuck with our number three count down...

It is quite evident that we do not have any readers who have a direct line to the man upstairs...the faucet is still running, and if it doesn't stop pretty soon there won't be enough moisture up above to make snow...just wishful thinking...

We're going to take a random peek into the past just to mention a few names, who, in our estimation have been a big part in the continuous growth of Grayling...we probably will miss a few...so, if we do, just give the ol' fella a call and we will make amends...

Still on the subject of promoting Crawford County and Grayling two people stand out in our mind for their unselfish dedication while heading up the Chamber of Commerce...Chum and Marilyn Longworth did much with the revenue they had to work with...I should know I spent three years on the board...

We should also state here that Chum also served on the Board of Commissioners, when it was in its infancy...going from the different township supervisors who controlled the purse strings of the county to the commissioners...

In the school system, during our time two names stand out in the faculty...Frank Bond and Joseph Stripe, both men started as teachers in the system, and each served as principal and superintendent...both men had a great influence in the progress of the school system...

On the athletic side of school...there were three who made their mark in our estimation...Butch Cornell back when we were young, Bruce Smith, and Tom St. Germain, all three, all sports coaches...we know they had an impact on those they coached...

The baseball diamond and tennis courts behind the high school is Cornell Field, the auditorium in the high school is the Joseph Stripe Auditorium...to me, this is quite an honor to bestow on anyone...

We're going to kick a few names around who when any promotion was going on during our tenure were always there to help: A.J. Mauren of Chief Shoppenagons Hotel; Ron Fraser of Holiday Inn, and he is still going strong; Bill Joseph, Grayling's elder statesman from the Merc, Bill served for many, many years on the board of education...

Jack Alef, of Grayling State Bank, has been a big influence on the pulse of the community since his arrival from Notre Dame...Emil Kraus has done many things quietly for the community that no one knew how it happened...

These are but a few who our paths have crossed, and I'm sure there are many more, but the fog sometimes conceals many names you wish you could remember...

Last Wednesday we had a pleasant surprise, while we were slaving away mailing your favorite paper...Jimmy Ott, the notorious Higgins Lake fisherman, and a retiree from Mercy Hospital, came in and presented me with a gift...

Now you have to know Jimmy as I do...he's all heart...he was worried about me when he knew we were about to enter the field of non-workers...Jimmy told me I needed one thing, a stabilizer...so, he went to the Upper Peninsula and cut down a cedar sapling, brought it home, peeled it, inscribed my name on it, and told me the older it gets, the darker it gets...

When we have become retreaded, and you see me downtown with a long stick, we are only walking softly and carrying a long stick...we really are not Moses, although at times we have felt it...

I hope I live long enough to see it turn black...Jimmy also said he put a scale of twelve inches on the stick so that if the snow got that high, that was an indication to stay inside...

With that, it's goodnight and pleasant dreams to T. J., Stefany and Amber, and to anyone paying attention, please find someone who can shut off the faucet...have a nice weekend...

Miss Mary Elizabeth Alef entertained three of her little friends from Kindergarten at lunch on Wednesday, the 9th. Her mother, Mrs. John Alef, had provided decorations in Halloween colors, with bitter-sweet centerpiece and orange candles. The guests stayed for the afternoon.

Mr. and Mrs. Robert Brady and children Shannon and Kevin spent the weekend in Grayling visiting at the Brady home and Mrs. Brady's parents, the Geo. Skinners.

Miss Jean Sheehy celebrated her 13th birthday anniversary last Friday with nine of her classmates at St. Mary's, first serving a pizza supper and then going to Gaylord to root for the GHS Vikings football team.

Mr. and Mrs. Whitey Madsen, and Toni spent Saturday in Detroit where Toni had her final checkup at the Straith Clinic. Dane accompanied them as far as Bay City Friday where he spent the time with the George Catton family, the formers going on to Mt. Morris to spend the night with the Robert Papendicks and daughter Dana.

Morden Post got home Friday after getting a moose with a 57-inch spread, weighing 1400 lbs. He could bring out only 150 lbs., at a time by small plane to the mainland, so had to make a number of trips to get it out. One of the Gaylord boys got one that weighed 700 lbs.

There were geese on Lake Margrethe last week, according to the folks who keep watch.

Mr. and Mrs. Bill Kinkert spent the first week of October in Philadelphia, Pa., where they attended the National Guard convention. They accompanied Lt. Col. and Mrs. Versel Case of Lansing.

Larry McNamara and Clyde Peterson came home Thursday from 12 days of hunting on the Albany River in Ontario, Canada, bringing a moose with the biggest spread yet shipped out of the area, a horn rack of 60 inches.

Mr. and Mrs. Junior Palmer have a son born Oct. 13, and Mr. and Mrs. Raymond Calkins a son on October 14.

Separate Detachment, Headquarters and Headquarters Detachment, Michigan Army National Guard, Camp Grayling, has been declared the winner of the Pershing Trophy for 1962. The trophy has been awarded the Camp Grayling unit for establishing the highest figure of merit in National Guard small arms qualification firing last year in the 13-state Fifth U.S. Army Area. In winning the Pershing Trophy, the Camp Grayling unit also won the National Guard (State) Trophy for the highest figure of merit in the state.

The Bible Speaks

From Calvary Baptist Church

BIBLE CREATION SUPPORTED by Biology

Does scientific research support the evolutionary theory of mutations? Does scientific study in reproduction and crossbreeding support creation or evolution? Does the complexity of human cells, human eyes, and the human brain support evolution or creation?

Mutation has been found to harm rather than help an organism. This scientific observation is supported by the second law of thermodynamics concerning degeneration. Crossbreeding creates in both plants and animals strict dependence upon continued human care to maintain any gained advantages of crossbreeding. God has limited reproduction to its own kind. (Genesis 1). Plants never become animals. Animals never reproduce outside their own kind. Absence of any evidence of transitory species condemns, rather than supports the theory of evolution.

The complexity of the human cell challenges the widest imagination of the evolutionist. One fertilized human cell develops into a body containing 100 trillion such cells. These cells each have two molecules of matter controlling each function of each cell. If the chromosomes in the nuclei of the body's cells could be removed, they could be placed in a one cubic inch container. If these same chromosomes could be uncoiled and laid end to end, they would reach from the earth to the sun 800 times, a distance of 75,000,000,000 miles. Did God or chance produce this complexity?

The human eye can distinguish hundreds of shades of color. It can adjust to all shades of brightness, with even special cells to pick up faint light. It can detect differences in height,

width, depth, and speed of objects. It has automatic focus, and self-cleaning lens. Did God or chance produce the complex eye?

Take the human brain as the most complex study in Biology. Humans have a brain 3 times larger than the most intelligent ape. The association and reasoning part of the brain is much more efficient in humans than in apes. The portion of the brain with which humans communicate in speech is absent in apes. While they can react to sounds, man reacts to word meanings. Only man can write down his thoughts in language which another human can receive and experience. Did God or evolutionary chance produce the complex brain?

The Crucial Alternatives

A Sovereign United Nations or Continued Conflict

The great movements of human society do not happen overnight. Some of them cover long periods of time. They come about when forces converge that make them possible. Following World War I the League of Nations was organized. Hopes were high that it might be an instrument safeguarding the peace of the world. As we all know the nations were not ready to support such a movement and the League died.

In 1945 after World War II, the United Nations was organized and has survived; but is has been hamstrung in keeping the peace by lack of sovereignty. Its mandates are disobeyed when its decision conflicts with national interests.

We have reached a time in history when forces are converging that are making it imperative to change the

charter of the United Nations. We must give it power to intervene in case of conflict. Conflict in any part of the world is too great a threat to world peace to permit it to accelerate.

We shall never have world peace until nations big or small, strong or powerful are willing to surrender sovereignty in certain areas of their relationships.

When we look back over the period since the Renaissance the waste of human and material resources is appalling. A loose confederation cannot keep the peace. It must be a union of nations bound by a sacred agreement, well documented. No nation big or small must be permitted to breach the contract.

There is growing realization that civilization is at a critical point. We face the alternative of life or death. Failure to make the proper choices and engage the right policies might very well lead to the dissolution of our civilization. Indifference at this critical juncture is inexcusable.

We have reached a time when we possess all the necessary requisites to create a civilization of unimaginable splendor. All we lack is the vision and the will.

Concerned citizens must face the realities of the present hour. Power diplomacy and military buildup not only threaten the peace of the world, but also deny us the benefits of a civilized society.

In the past 400 years we have made great progress and achieved unusual developments. To sacrifice this in world conflict would be insane.

Organizations and movements of society depend on the mood and temper of the people. What each one thinks, what each one is in character and outlook, determines the direction in which we move.

If we are to have a viable United Nations, we the People must make the determining choice and work for its achievement.

HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Getting More Energy

Even though it seems like a "Catch-22" situation, you have to use energy to get more energy. The reason most elderly Americans complain of their lack of energy is they are in such sorry shape to begin with, even everyday chores like going up the basement stairs takes all the wind out of their sails. If you wish you had the energy you had twenty or thirty years ago, take your pick of one or all four of the following exercises:

Endurance exercises increase your energy and stamina. **Strengthening** exercises will make your muscles firmer. **Relaxation** exercises release physical tension, and **flexibility** exercises keep your muscles stretched and limber.

There aren't any excuses. If your knees or hips won't

allow you to take a brisk walk two or three times a week, what about swimming? Since your body is afloat, there is no pain or stress on your legs. Swimming is one of the few exercises that fall under all four groups. If the weather is too severe, you can do relaxation and flexibility exercises in the comfort of your own living room, and some exercises can be done in an easy chair.

As with any exercise program, check with your doctor before you begin. Once you are given the go-ahead, set realistic goals and keep a record or journal of your progress. You'll feel better, look better and even sleep better once you start expending a little energy to give yourself even more energy.

Your Week Ahead Horoscope

Almanack

People miss us when we're gone

by Richard Millman

EVERY YEAR about this time, National Newspaper Week provides a chance for newspapers to talk about their trade a little, without fear of embarrassment.

What would the average American do without his/her newspaper? We tend to take it for granted, until it's taken away for one reason or another.

In Philadelphia last year, both big city newspapers went out on a prolonged strike, and the people felt the impact. A downtown newsstand operator named Sam Smolovitz was one who noticed.

"I don't mean to be crude," he recalls, "but a guy comes up to me one morning and says, 'I gotta have a paper, any kind of paper — I don't care if it's toilet paper.'"

WHO DO PEOPLE miss their newspaper? According to George Gerbner of the School of Communications at the University of Pennsylvania, who studied last year's Philadelphia strike, it is "the practical services" which people miss most. He lists such things as baseball scores, classified ads and horoscopes.

News about crime, wars and diplomacy doesn't seem to matter as much, Dr. Gerbner said, because that sort of thing is predictable. People don't really care about the specific information in the news, he added, unless they are active participants in it; but they feel reassured by "the repetitive ritual" of reading the newspaper.

"Like all rituals, it confirms what they already know — yes, the world is still the same disastrous place it was yesterday," Dr. Gerbner said. "It gives them a sense of their own sanity."

THE PROLONGED STRIKE in Philadelphia had many different effects on the community, as newspaper strikes in Detroit and other big cities have had in the past. It blacked out the political process, forced department stores to solicit customers by telephone, crippled the real estate market, and hurt people looking for jobs.

"We're not just talking about reading a newspaper," said Mayor Wilson Goode. "We're talking about economic impact."

In Philadelphia, as in other large cities, suburban papers — weeklies and smaller dailies — covered the void to a certain extent. So did television and radio stations, some of which started reading the funny papers on the air, and tried listing classified ads on the screen.

But it just isn't the same. These are substitutes, and they can only help for a little while and in an inadequate way.

IN THE SMALLER CITY, newspapers are less likely to be shut because of a strike than to be delayed because of mechanical problems or natural disasters, such as storms cutting off production or delaying delivery.

Still, they are missed — but eventually they usually appear, and the late issues are read just as eagerly as if they had been on time.

Real tragedy comes when small town papers are forced to shut their doors for economic reasons. The newspaper is a business, and it must make a profit or eventually it will go out of existence.

A money-losing newspaper — just as a money-losing business of any sort — can carry on for a while; but eventually, every business must turn the financial corner to stay in business...and that includes newspapers, too.

MORE AND MORE in recent years, it seems, the ends are getting wider apart for small newspaper operators, and, therefore, it's getting tougher and tougher to make these ends meet. Many small towns which once had newspapers to call their own do not have them any more. That's too bad.

When this happens, newspapers from nearby towns seek to step into the void, either by increased news coverage or improved delivery or in some other way; big city papers also try to step into the void and serve the town — or at least, to increase their circulation efforts in the newspaperless area. Like the electronic media in strike-bound big cities, this helps for a while, but in an inadequate way.

There is no substitute for a hometown newspaper in a small town, looking out for that town and its people, and reporting on what's going on — including providing the outlet for advertising that's the commercial lifeblood of the local economy.

IN MOST SMALL TOWNS the hometown newspaper is the only newspaper in existence which really gives a darn about that town and its people.

But as the economy changes, and as rural America gets poorer and poorer, towns without newspapers are an increasing fact of life in the small towns of this country.

So appreciate your hometown newspaper while you have it. That may not be the situation forever.

It's too bad, but that's the way it is.

But Happy National Newspaper Week to you, anyway!

UMRA BOARD MEMBERS IDENTIFY NEW ACCESS — Chet Sutton, Allen Willmar, "Doc" Powers, Byron Shimmel and Nall Candler, Board Members of the Upper Manistee River Association, are pictured at the Portage Creek "Bayou", which was recently designated as an access site on the Manistee River. This event, first of others planned as a joint effort of the D.N.R. and the UMRA group, is part of the long range objectives of UMRA. The program is being coordinated through the efforts of D.N.R. Regional Forestry Manager, Bob Borak and Area Forest Managers Don Hennig and Jim McMillan. The site, to be improved with a parking area and paths, will provide a canoe launch and fishing site with a two or three hour float downstream to the C.C.C. Bridge. The UMRA program objectives call for the other access sites on the Manistee River downstream from Cameron Bridge Road.

Project Graduation Targets Drinking and Driving

Three students and their advisor from Grayling High School participated in a regional Project Graduation workshop on October 7, 1986 at Hidden Valley Resort in Gaylord. The day of activities, sponsored by the Mid-State and Northern Michigan Project Graduation Task Force attracted over 160 students from twenty five high schools to listen to speakers, share information, and plan drinking/driving prevention activities for the coming school year. Attending from Grayling High School were Amy Smith, Dusty Smith, Rick Sprague, and Mr. Paul Smith, CCSD.

The spring prom and graduation season has become a predictable time for efforts to prevent drinking and driving problems by young people. Schools, student organizations, community groups, law enforcement, and substance abuse agencies worked actively to reduce teen drinking and driving problems. Spring of 1986 saw activities in most communities in northern Michigan.

Drinking and driving is a year-round problem and Project Graduation 1986/87 is beginning early to help student and school organizations initiate activities year-round to decrease the risks of alcohol related arrests, crashes, injuries, and deaths.

Students attending the conference participated in a variety of discussion sessions on topics such as "Starting an Organization and Keeping it Going", "Working with the Media", "Developing Support from the Community", "Promotional Activities", "Fund Raising", and "Programs for Younger Students". Speakers included students who have lost friends or family members killed in alcohol related crashes.

"Perhaps the most important thing is that students who choose not to drink or who avoid drinking and driving are finding more and more support among their peers," stated to Sam Cornelius, Prevention Coordinator at Northern Michigan Substance Abuse Services and one of the Task Force members. The organizers designed the workshop to help school organizations such as Students Against Driving Drunk, student

councils, and other groups develop drinking and driving prevention activities for the entire year. The Task Force is made up of representatives of student organizations, the broadcast media, and the substance abuse prevention network. A Spring, 1987 workshop is also planned to begin activities specifically for the Spring prom and graduation season.

Management Seminar at KCC

On Friday, October 24 and Saturday, October 25 from 10 a.m. to 5 p.m., a special "Business Marketing/Promotion Management Seminar" will be presented by Kirtland Community College in co-sponsorship with the U.S. Small Business Administration. The objective of this short seminar is to provide up to date information on management, marketing, retailing and advertising, essential for the operation of a business. Topics will include marketing management, function, advertising and promotion. Discussions will center around the purpose

and function of management; hospitality operation and techniques; advertising usage, planning, creativity, media and budget; and brochure planning, development and marketing. Cost for this seminar is \$20 for in-district students, and \$26 for out-of-district students, plus a \$10 one time only registration fee for anyone attending Kirtland for the first time. For further information, contact the Admissions Office at Kirtland at 517/275-5121, or Mr. Jerre Lewis, Coordinator of Credit Small Business Seminars, at 517/275-5121, ext. 212.

Awarded Masters Degree

Coral Gables, Florida - On June 26, Geoffrey Stancil, after a successful oral defense of his thesis entitled Ideology, Ethnicity and Facism: Two German-American Religious Groups Respond to the Rise of Nazism, was awarded a Master of Arts degree in History from the University of Miami in Coral Gables, Florida. He was awarded a full scholarship for his Master's work as a graduate assistant in the history department. Stancil continues his work at the history department as Administrative Coordinator of the Western Civilization Program, and also provides independent tutorials for the Miami Hurricanes Football Team while he attends Law School full time at the University of Miami.

Open House

The family of Mrs. Claribel Goss wish to extend an invitation to friends of Mrs. Goss to attend an Open House Birthday Celebration for her 80th birthday. The party will be held on Saturday, October 18th from 2:00 - 6:00 p.m. at the home of her son Dean Goss, 1202 North Down River Road, in Grayling. Friends who would like to be a part of this special occasion are invited to stop in to wish Claribel a Happy 80th. Please, no gifts.

Doodles From The Tall Timber

by Wendell L. Hoover
Park Interpreter

I have often wondered how our ancestors told time without clocks or wrist watches. How did cowboys riding herd at night change shifts? What if you have a clock, but it stops? Certainly you can use the sun to tell when it is noon by sun time. It is interesting to not that the world's most accurate clocks are still checked by star time because man is yet to develop a time piece as precise as the movement of the stars. To use the stars you must locate the Big Dipper and the North Star. The Big Dipper revolves around the North Star just a little more than one revolution a day. (According to the Almanac it is 23 hours, 56 minutes and 4 seconds.)

With the North Star as the center of a circle and a line running through the two stars at the end of the dipper you have a reference line. Facing north at 9 p.m. the Big Dipper will be almost directly east of the North Star. Three hours later the Big Dipper will be southeast of the North Star which will make it midnight. At 3 a.m. the dipper will be almost directly south of the North Star.

By using the above information and knowing which way is North, you can tell what time it is, but is might be easier to remember to wind the clock.

Eagles Auxiliary News

The ladies did it again! Brought back the trophy from the District Meeting held Sunday, October 12, at Indian River. Thirteen ladies attended. Next District Meeting will be November 9, at Houghton Lake. We need to take the trophy one more time to keep it. Let's have a record turn out - it would be a great tribute to our hard-working President, Dorothy Evans.

Dust off your brooms and dancing shoes, and fly in for our Halloween Dance - Saturday, October 25, 9 to 1 a.m. Costumes optional - but you Eagle members and guests will have a fun time dancing to the music of the Big Sky Band from Traverse City.

Joint Invitation will be held October 26, Sunday afternoon - ladies at 3 p.m. with men's following. Pot luck as usual.

Don't forget our fish fry on Wednesday evenings - Bingo Friday nights.

The next regular Auxiliary meeting will be November 6 at 7:30 p.m.

Our sympathy to Sister Violet Hohner in the passing of her husband, Brother Norm. He'll be sadly missed by us all.

BACK DOOR FASHIONS — Karen Kammer, owner of Backroom Fashions in the Grayling Mercantile Mall, cuts a ribbon held by her children Jody and Jeremy in a ceremony held Friday, October 10. Behind Kammer are manager Marilyn Perley and Backroom Fashions employee Barb Sands. The store offers clothes for the entire family sold on consignment. People can bring in clothes to sell and receive 50 percent of the selling price. Kammer says customers can save money when buying the clothes at Backroom Fashions and they can earn money by bringing clothes to sell.

Computer Session at Kirtland

Reaction To Increased Stress

Initially, when faced with stress, aging or illness, people universally reach with anxiety and fear. The level of emotional maturity determines the final response and behavior. It is common for an older person to experience uncertainty and panic when beginning to recognize failing capabilities. The person becomes greatly concerned about the unknown elements of the future, how needs will be met, and who will take over personal care when it can no longer be handled by the individual.

Fear is the dominant emotional response of this period. Fears are centered around the loss of independence and rejection by loved ones. Death becomes a more prominent concern and the overt behavioral pattern is one of the chronic complainer. Complaints make the present situation increasingly difficult for family or staff who are solely tired.

Fears and anxieties, accompanied by feelings of frustrations, cause agitation, restlessness, and nocturnal disturbance. The frustration experienced by the elderly has much in common with the feelings of frustration experienced by teenagers. Both are emotionally torn by ambivalent feelings—the desire for the freedom of independence and the desire for the security of dependence. The dependent teenager wants independence but fears to try his wings; his elderly grandparents wish to maintain their independence but long for security dependency offers.

THOUGHT FOR FOOD

by GOULD CROOK

Spaghetti Sauce With Meat

¼ cup butter or margarine
¾ cup chopped onion
2 cloves garlic, minced
1 lb. ground beef chunk
1 can (20 oz.) tomato juice
2 cans (6 oz.) tomato paste
1 tbsp. SugarTwin
2 tbsp. salt
¼ tsp. pepper
½ tsp. dried basil leaves, crushed

Heat butter in a dutch oven. Add onion and garlic; cook until onion is soft. Add meat, separate into pieces, and cook until lightly browned. Stir in tomato juice, tomato paste, SugarTwin, and seasonings. Bring sauce to boiling; cook uncovered over low heat about 1 hour, stirring occasionally.

G.H.S. Alumni News

The program continued with class anniversary recognition by Clara Sorenson...Class of '31, Lillian Ahman Houghton, Margaret LaMotte Balch, Mabel Isenhauer Ostling, Alice Malloy Krause.

Class of '41...Frank Jensen, Kathryn Charron Such, Francelia Malloy Bradley, Yelive Stephan Skotnicki.

Class of '56...Karen Rasmussen Burns, Class of '66...George Stencil, Linda Knibbs. Both these classes had reunions earlier.

One complete family of siblings from this group was Alice Krause '31, Mike Malloy '33, Marie Malloy McDonald '39, and Francelia Bradley, '41.

Class of '26...Matt Bidvia, Bernice Corwin Hilton, Mary King Kasky, Ernest Larson, Russell Robertson, Anna Granger. We salute this 60th anniversary. It is fantastic to keep in touch for so many years. Anna is the sparkplug that makes things happen.

Our Golden Class of '36...Bernette Chappel Smock, Don Smock, Virginia Feldhauser VonSee, Helen May Daniels, Leo Lovely. A letter from one of their classmates, Ransom Murphy,

was read to them. Congratulations to this 50th.

This reunion of 1946 started with a phone call from Dale Burns and some more phone calls from Beth Seator and this class came from all directions to celebrate the 40th...Dale Burns, Margie Caid Harwood, Ed Caid, A.J. Charron, Pat Duncley Bindschattel, Jean Feldhauser Reihl, Patsy Heric Duncan, Bill Buhr, Richard K. Nelson, Dick Penty, Dwight Reava, Beth Serven Seator, Beverly Stephan Lowrie.

Another family...Dale had his brothers here with him...Gerald '44 and Clare '48...and a bonus, Nancy Burns '70 (a niece).

Age before beauty? This Class of '61 celebrated the 25th...A big reunion organized by Sharron and Russ and some helpers...Brian Ashton, Sharron Blaine Hagerman, Janet Campbell LaGrow, Peggy Fenton Menge, Russell Gust, Mike Lovely, John Marshall, Pam Mauren Hull, Floyd Millikin, Karen Neilson Freund, Sally Raymond Reeves, Fred Reichelderfer, Mike Roberts, Rev. Joe Robertson, Arlene Smith Welch, Jim Sorenson, Linda Smock Mires, Arnold Stencil, Lani Stephan Henschen, Sandra Taylor Riddle. With them was their class sponsor Jack Trudgeon and wife.

Now we have to mention family ties...from this Class of '61...Mike Lovely had his Dad, Leo from the 50th...Linda Mires from '61 and both her parents from the 50th.

We had a lot of teachers with us...Mary Jane '40 and Fay '42, Bob Bovee, Marie LaMotte Akers '38, Jane Larson, Jack Trudgeon, Joe Stripe, Faith Stripe, Jean Peterson Gothro '35, Kathryn Funck, Ruth Robertson, Charles Mires, Elmer Fenton '29, Ruth Burrows Moore '40, Marilyn Joseph Stencil '67. We say thanks to all teachers...we are G.H.S. Alumni because of you.

We had a "first"...We had 3-50 Wedding Anniversaries celebrated so far this year from this group...present were Clara and Robert Sorenson, both '35, in January, Madonna Cariveau LaMotte '33 and Bob '34, in August and Helen May Daniels '36 and George in September.

We closed the program with our theme song "Grayling Will Shine Tonight"...she did...the evening was finished off by dancing to music by Tina...until another year.

Resource Review

Bruce Patrick

One of our most common wild neighbors is also one of the most maligned. The porcupine (from the Latin words for "swine" and "thorn") migrated north from the tropics over 2 million years ago and now resides in North America's forested areas.

Weighing up to 15 pounds and being 30 inches long, the porcupine is our second largest rodent, after the beaver. The most unique characteristic of the "porky" is the 30,000 quills which cover its body, except for its nose, throat and belly. The quills are hairs which have been modified into a needle sharp, barbed defensive mechanism. A porcupine never attacks. Neither does it throw quills. When disturbed, the animal raises its quills into an impenetrable defensive pin-cushion. If the tail is touched, it slashes to and fro, driving quills into the aggressor. The quills have the ability to penetrate into the victim and may in time cause death.

Another aspect of the porcupine's life which gives it a bad reputation is its eating habits. In the winter they eat the bark of trees, sometimes girdling and killing a tree. They may also cause damage in orchards. Recent studies indicate that actual damage to trees is overrated, partially because a population density of 1 per 5 acres of forest is considered high. The porcupine also has a legendary taste for salt, leading it to chew on axe handles, canoe paddles and even cabins to satisfy its craving.

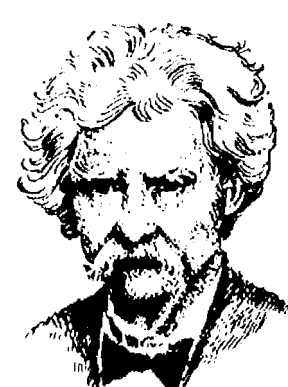

Only one natural predator is really effective in controlling porcupine populations. The fisher, a weasel-like animal, has developed a method of attacking its prey by repeatedly biting it about the defenseless head. It does not roll it onto its back and attack its belly.

The slow moving, slow reproducing porcupine is well adapted to its habitat and is one of nature's most successful creatures.

Bits O Talk

Merle and Arthur Carlson spent the weekend of October 4 and 5th in Lawton and Battle Creek attending birthday celebrations. Grandchildren Katy Graham of Petoskey and Bradley Olson of Lawton had a party at Show Case Pizza in Kalamazoo on Saturday celebrating 4th and 10th birthdays respectively. On Sunday, Art's mother, Mrs. Elsie Carlson, of Bellevue was honored on her 100th birthday at Provincial House in Battle Creek where she has been a resident for the past 11 years. She was born in 1886, attended Normal College and after passing State Boards, started teaching in a country school at the age of 16. Elsie now has 8 children living in Battle Creek, Virginia, Florida, Hawaii, and Grayling; 23 grandchildren; and 43 great grandchildren; and 20 great great grandchildren. She received birthday greetings from President and Mrs. Reagan and was recognized by Willard Scott on the Today Show on her October 6th Birthday. Forty family members and friends attending included Merle and Arthur Carlson of Grayling, Cindi, Bob and Katy Graham of Petoskey, Christine and Tom Olson, and children, Jennifer, Angela, Bradley and Stephen of Lawton, and Julie Powers of Mears and Mt. Pleasant.

RARE FOSSIL BISON SKULL — Nancy and Jeff Suttle display a rare fossil skull of what may be an extinct giant-horned bison. The Suttles donated the skull, which weights about 25 pounds and measures 41 inches from tip to tip, to the North Dakota State University. They found the skull while canoeing on the Little Missouri River in the Badlands near the northern part of the Theodore Roosevelt National Park. Nancy is the daughter of Bob and Fran Hanson, of Grayling.

M/S Society Needs Volunteers

There is a growing consensus that the nation should begin what many call a "war on illiteracy" and that this effort should begin at the elementary level.

The National Multiple Sclerosis Society, Michigan Chapter's Read-a-thon program is an "ideal program for schools interested in implementing increased independent reading among children," according to Bernice E. Cullinan, past president of the International Reading Association.

Since its inception 7 years ago, the MS Read-a-thon has involved an estimated 100 thousand Michigan youngsters in reading some 1.6 million books outside the classroom. While independent reaching has been demonstrated to sharpen a child's cognitive skills and develop intellectual independence, the MS Read-a-thon also introduces children to the importance of volunteering one's services, in this case reading to benefit individuals with multiple sclerosis. Michigan has one of the highest incidence rates of multiple sclerosis in the country, affecting 15,000 individuals. In fact, there are more people with MS than with muscular dystrophy, cystic fibrosis, hemophilia and myasthenia gravis combined.

If you are interested in volunteering your time to promote the MS Read-a-thon in your community school district, please call Letitia Ivy or Denise Mercier at 1-800-2 HELP MS.

The National Multiple Sclerosis Society, Michigan Chapter, Inc. receives an annual allocation from the United Way of Michigan.

Camp Grayling Says Thank You!

National Guard and Reserve soldiers make up a full one-third of the U.S. total force.

Without the support of this community we would not be able to support these soldiers during their training.

Colonel Schmidt and all Camp Grayling personnel want you to know your support is noticed and appreciated.

LION'S PROGRAM — Here are, three of our busiest Lion's spending our hard earned money, John Linendoll, Treasurer, Russ Shepherd, District Governor and Earl Westbrooke, Board member. It was nice to see all the people who dropped in at the sightmobile last Wednesday. Lion Robert Prause was in charge of that project and he did a great job. We are always willing to welcome anyone who would like to join up and help us with our program. Call a Lion, we'll be glad to welcome you. Mrs. Rose Keusch won the Honda ATV.

Commission on Aging

The third Sunday of every month at 4:00 p.m. is the time for COA's Potluck Dinner for all seniors in Crawford County to get together. Fran Hanson, who is also a COA board member, volunteers her time to coordinate this program. Fran says, "We have a good time visiting, and nobody seems in a hurry to leave." All seniors in the Community are invited to attend and participate in this leisure activity and get acquainted with your "neighbors". Please bring a dish to pass, the meat and beverages are furnished by Commission on Aging.

Completes Air Force Training

Air National Guard Airman Joseph S. Callewaert, son of Mary E. Findora of 14961 Collingham, Detroit, and Joseph G. Callewaert of Grayling, has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations. In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

Ostomy Assn. To Meet

The Straits Area Ostomy Association will hold its regular meeting on Sunday, October 19, 1986 at 2 p.m. in the Central Methodist Church at Sault Ste. Marie. All ostomates and interested persons are cordially invited. Please call 616-547-6842 for further information.

An explanation of ostomy surgery. It is performed because of disease, injury or birth defects to over 100,000 people in the United States each year.

A stoma, or opening, is created on the abdominal wall, usually with the intestine, for the elimination of body wastes with a collecting device worn in most cases.

As a support group, our prime concern is to aid patients and their families in the return to normal living following the surgery. You can understand the appreciation of our chapter for your assistance in this goal.

Teddy Bear Clinic at Mercy

Too often, young children end up in the Emergency Department under unhappy circumstances — when they are injured or sick. The staff members in the Emergency Department at Mercy Hospital, Grayling want children to know what to expect when they come to the ER, so they will not be as frightened if they need to see us for medical treatment.

On Saturday, October 25, Mercy Hospital will be sponsoring the second annual Teddy Bear Clinic for children two through ten. Children are invited to bring their teddy bear or doll to the Emergency Room from 10 a.m. to 1 p.m. Volunteers will simulate emergency medical treatment for teddy bears and dolls.

The Teddy Bear Clinic gives children an opportunity to see the inside of a modern emergency room, as well as an ambulance, and meet the people who care for emergency patients. The children will also have the opportunity to have their vital signs checked, and their height and weight recorded.

For more information about the Teddy Bear Clinic, contact Mrs. Mary Jo Conway at 348-5461, ext. 368.

For further information, or to register for the tests, contact Kirtland's Student Services Office at 517/275-5121, ext. 251.

Frozen Dinners Aim For Gourmet, Dieter's Market

**Call Edwards,
Ext. Home Economist**

For several years, the primary fans of TV dinners have been singles and small children. Now with more contemporary packaging, higher quality ingredients and fancier names, frozen dinners have found a new following. Last year, Americans spent over \$600 million on frozen dinners, with sales rising an estimated 5 to 7 percent. This increase in sales follows a period when traditional TV dinners were losing their appeal. In the past, frozen meals were often heavy, fatty and salty.

Today's consumer is more health conscious and more demanding. More one-parent families and two-income couples mean more people with little time to cook. Also, there are more single persons and elderly people today who may not want to cook. The recent focus on health has been added to the continued demand for low-calorie foods. At the same time, there's a renewed interest in gourmet cooking. This new generation of frozen dinners reflects these new consumer interests and changes.

To fit in with changing lifestyles, frozen dinners are

becoming lighter, healthier meals. The packaging has a new look, with boxes appearing in lighter, more contemporary colors. The divided aluminum tray has been replaced with classier looking plastic plates with plastic dome covers that are perfect for the microwave oven. Fried chicken and spaghetti have been replaced with chicken cordon bleu and cheese cannelloni. Heavy sauces and gravies have yielded to teriyaki, while side dishes such as mashed potatoes and peas and carrots have become wild rice and Italian vegetables. TV dinner ads show the dinners being enjoyed with vintage wines by candlelight.

The higher quality comes at a higher price, with TV dinner prices in the \$2 to \$3 range. But does the higher price provide better nutrition?

The new products may offer some nutritional advantages over the old TV dinners, but be sure to read the nutrition label. For consumers watching their weight, the low-calorie items can be a big plus. Many entrees, designed specifically for the dieter, provide less than 300 calories per serving. To accomplish this, TV dinner producers allow less fat to be used in their products. Controlled portion size is another advantage. This feature helps those who enjoy eating a serving of lasagna, for example, but do not want to be tempted with an entire casserole dish of the homemade version. Although many of the new dinners have lower fat content, the sodium content may or may not be just as high as before. Be sure to read the label for sodium and fat content and other types of nutrition information. The ingredient label will also be a reflection of quality, because ingredients are listed from most to least by weight.

Consumers should be aware that not all of these meals contain at least one third of the U.S. Recommended Daily Allowance for important nutrients. You may need to add a salad or fresh fruit and a glass of milk to the dinner to have a nutritionally adequate meal.

For some consumers, these new frozen dinners will offer a welcome change of pace. Consumers desiring special health advantages from these meals should read label information carefully and compare various dinners.

Better Boiled

New sweet potatoes just dug from the garden are better boiled than baked or microwaved.

WEYERHAEUSER DONATES \$4,000 TO COA — Michael Sekely, Sturd-i Floor Product Sales Manager for the Grayling Weyerhaeuser Structurwood plant, gives a check for \$4,000 from the Weyerhaeuser Foundation to Sherry Haag, Commission on Aging project manager. The money will be used to set up a computer system to help with the commission's information and referral services. The new system will also help track services given to more than 880 senior citizens in the county.

Handel Jubilee A "Smashing Success"

A "smashing success" is the way in which Janet Dice, chairperson of this year's classical musicale summed up the Handel Jubilee. Those in attendance needed no reminding, however, of what a "smash" it truly was. From the Elementary Choir's beautifully blended beginning through the magnificent presentation by lyric soprano, Anne Marie Church and flutist, Arthur Kerle, to the inspiring Messiah Chorus conclusion, featuring the Milltown Choral and all other concert participants, one can but sing, "Hallelujah - Indeed!"

The 98 performers drew a total attendance of 603 persons, many of whom had never before tasted the classics. The two, one hour and 15 minute concerts offered 14 different presentations giving listeners a chance to appreciate a wide spectrum of Handel's endeavors in a variety of vocal and instrumental mediums. The youth section offered young area artists opportunity to display their nicely developing talents, while the adult section let northern Michigan appreciate the abundance of musical talent that has developed therein.

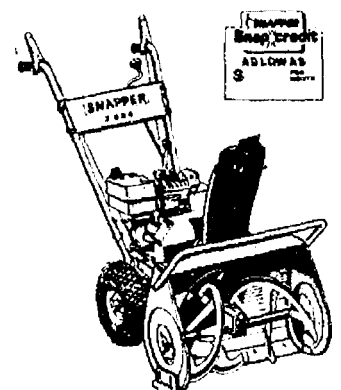

Congratulations must be offered to all of the performers, accompanists, supporting businesses, and especially Mrs. Janet Dice and the Music Committee of Michelson Memorial United Methodist Church on their "smashing success."

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

Case Nos. U-5451-R (1986) and U-6743-R (1986)

NOTICE OF HEARING TO REVISE CONSERVATION SURCHARGES

In Case No. U-5451, Michigan Consolidated Gas Company (MichCon) was authorized by the Michigan Public Service Commission (Commission) to engage in its Interest Free Financing (IFF Program) for the conservation of natural gas pursuant to 1978 PA 211 and the Commission's Residential Conservation Standards, R 460.2401 et seq. MichCon was also authorized by the Commission in Case No. U-6743 to implement a conservation program pursuant to the Michigan Residential Conservation Service Plan (RCS Program) to offer certain specific energy conservation services to its residential customers. Under the RCS Program, MichCon recovers the costs associated with the program by a separate uniform surcharge included in the price of every metered unit of gas sold regardless of the amount of gas consumed by a customer. The costs associated with the IFF Program are recovered through a surcharge included with residential rates. Also under each of MichCon's above-referenced conservation programs, comprehensive reconciliation proceedings have been established to enable the Commission to adjust, as necessary, the actual costs with surcharge revenues for the preceding surcharge periods and establish new surcharges for the ensuing 12 months. In each case the revised surcharge is netted against any overage or underage for the past surcharge period.

Under the Commission's most recent conservation reconciliation Order dated January 7, 1986, the surcharges presently in effect amount to \$.00065 per Ccf (\$.00064 per therm) for the RCS Program; and \$.00108 per Ccf for the IFF Program.

On August 25, 1986, MichCon filed its application in Case Nos. U-5451-R (1986) and U-6743-R (1986), requesting authority for reconciliation and adjustment of its surcharge under its IFF and RCS Program. In addition to the application, MichCon filed consolidated written testimony and exhibits in support of the following:

- Under MichCon's RCS Program.
 - Program revenues in excess of Program costs, including adjustments, were \$1,053,012 as of the end of June 1986.
 - Estimated Program costs for the 12 months ending June 1987 will total \$3,027,000 and estimated audit revenues will be \$40,000.
 - Estimated revenue recorded prior to the proposed implementation of a revised surcharge in January 1987 will total \$424,000.
 - Rate schedule sales of natural gas are estimated to total approximately 136.3 Bcf for the period January through June 1987.
 - A surcharge of .111¢ per Ccf (.109¢ per therm) commencing in the January 1987 billing cycle will enable MichCon to recover estimated costs for the Program year ending June 30, 1987, net of all previously overrecovered Program costs.
- Under MichCon's IFF Program.
 - Program revenues in excess of Program costs, as adjusted, were \$180,160 as of the end of June 1986.
 - Estimated Program costs for the 12 months ending June 1987 will total \$3,260,000 and estimated conservation contracts billed will be \$2,293,000.
 - Estimated revenue recorded prior to the proposed implementation of a revised surcharge in January 1987 will total \$436,000.
 - Rate schedule sales of natural gas to residential customers are estimated to total approximately 87.3 Bcf for the period January through June 1987.

(e) A surcharge of .0554¢ per Ccf commencing in the January 1987 billing cycle will enable MichCon to recover estimated costs for the Program year ending June 30, 1987, net of all previously overrecovered Program costs.

MichCon represents that, if approved, the surcharge revisions sought would result in a decrease in the total conservation surcharges paid by customers purchasing under rate schedules 2, 3 and 3A, and a .046¢ per Ccf increase in the RCS surcharge paid by all other rate schedule customers.

Jurisdiction is pursuant to 1978 PA 211, MCLA 460.6c; 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; the Commission's Rules of Practice and Procedure, 1979 Administrative Code, R 460.11 et seq.; the National Energy Conservation Policy Act; 42 USC 8201 et seq.; and the Michigan Residential Conservation Service Plan.

NOTICE IS HEREBY GIVEN THAT:

A. A public hearing in these matters will be held at 9:00 a.m. on November 3, 1986 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, which hearing will be in the nature of a prehearing conference and will be held for the purpose of considering matters which will expedite these proceedings. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any person seeking to intervene in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission shall file with the Commission, on or before October 30, 1986, an original and 15 copies of a petition to intervene, together with Proof of Service upon MichCon's attorney, Dennis R. O'Connell, Michigan Consolidated Gas Company, 500 Griswold Street, Detroit, Michigan 48226.

Subparagraph (2) of said Rule 11 provides as follows: "(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the commission of the specific issues of fact or law to be raised or controverted." (Emphasis added)

The Commission will require strict compliance with the above-quoted rule.

C. THE SURCHARGE ADJUSTMENTS DESCRIBED IN THIS NOTICE HAVE BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED ADJUSTMENTS, IN WHOLE OR IN PART, AND MAY GRANT LESSER OR GREATER SURCHARGE ADJUSTMENTS THAN THOSE REQUESTED.

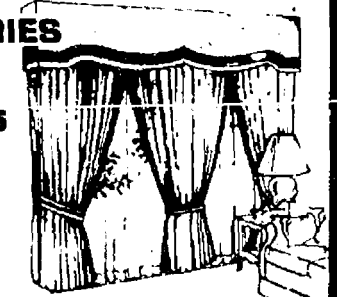

D. Michigan Consolidated Gas Company shall, at least 10 days prior to the prehearing conference on November 3, 1986, have available for inspection at each of its district offices in its gas service area a copy of its application, and the testimony and exhibits of its witnesses.

Dear Whitey,
For the third year the
Grayling Promotional Asso-
ciation is sponsoring an ef-
fort to make our town the
destination for all those who
desire the feeling of Christ-
mas in the Northland. Our
goal is to have every home,
building and business
decorated with the "little
white lights" that have made
Grayling so beautiful and
picturesque for the past two
years.GPA is planning to turn on
the lights on Friday evening,
November 28th. At exactly 6**Bits by Fay**Belle and Tom Jurkovich
of Pendleton, South Caro-
lina, left last Saturday after
spending a week in Grayling
visiting his mother, Mrs.
Francis Jurkovich and her
parents, Dr. and Mrs. Len
Allison.Vince and Babe Aderente
were in the Chicago area re-
cently where they visited
their children, Barbara and
Scott Sayers and son, Sean,
and Vince Aderente. The
Aderentes were also part of
the tour group from the Hol-
iday Inn that took the
Algoma Railroad Tour into
Canada and they reported
that it was a beautiful trip.Tom and Melita Taylor
were in Lapeer for the
Golden Wedding Anniver-
sary party for their very
good friends, Mr. and Mrs.
Harold Upper on Sunday,
October 5, 1986. They spent
the weekend with Melita's
sister, Dorothy Annibal.Mr. and Mrs. Jim Parkin-
son, Mr. and Mrs. Michael
Shaw and Mr. and Mrs. Kurt
Kitchen were in Lapeer on
Thursday of last week where
they attended the funeral of
Kathy Parkinson's father,
Donald Witham. Witham
succumbed to a fatal heart
attack Monday, October 6, in
the Alpena area where he
makes his home. The Park-
insons and the Luke
Petroskys were on vacation
in Canada and the Eastern
states and had to be called
home due to the death of her
father.p.m. the lights will go on at
the County Building and in
every cooperating business
and professional building. At
that same time Santa will
arrive at the County Build-
ing to listen to the wishes,
hopes and dreams of the
children of Grayling and
surrounding communities.
There will be carols to sing,
gifts for the children, and the
Holiday Season will begin.We are hoping that every
business and professional of-
fice in Grayling - including
the Mall area on the I-75
Business Loop, the business-
es on M-72 East and West,
and those on Old 27 North -
will join GPA in making our
Festival of Lights bigger and
better than last year. In ad-
dition, we are hoping that in-
dividual homeowners will
join us and make their neigh-
borhoods just as lovely to
look at. The little white lights
are a reasonable investment
and are available at many
local stores. We suggest that
business places put their
lights up high to eliminate
vandalism. Inside the
display windows at a lower
level can complete the pic-
ture. Homeowners can
decorate porches, trees, and
inside windows. You can
even put your lights up early
to avoid the cold.From November 28th until
Christmas Eve GPA will
have two Santa mailboxes
available to receive "Letters
to Santa". Letters will be
collected by GPA members
and the names of families
that appear to be in need will
be forwarded to the appro-
priate organizations for
help.GPA is working to make
Grayling the most beautiful,
talked about, shopped in
place in the north. Won't you
join us? By decorating your
home, and your building, you
- your family - and your em-
ployees can be a part of the
GPA Festival of Lights on
Friday evening - November
28th - 6 p.m.Grayling is a special place
- let's make it look special!!Sincerely,
Grayling Promotional

peter, Tragacanth Gum,
Frankincense, Myrrh... It
sounds like a religious pickle
or a fragrant bomb, does it
not, darlin'? Let me tell you,
once I get my teeth into
something it takes a bit to let
loose.All I wanted to do was to
make my own incense. Easy
task, right? Potassium
Nitrate, also called salt-
peter, is used to pickle meat
or as an ingredient in gun
powder, which is why it is
used in incense because it
burns readily and evenly. I
called everyone from gun-
smiths to pharmacists with-
out luck. I even called out of
town, to no avail. After a few
more frustrated phone calls
I finally got smart and calledthe author of the book (I told
you I was stubborn). He put
me in touch with someone in
Indiana.After three weeks of wait-
ing I went back to the book
and learned that I did not
read far enough ahead for all
my ingredients. I needed
charcoal to help the incense
burn slowly. I called my hus-
band to pick up a bag, ex-
cited now that I am a little
closer to begin my new
project.Now I have all my
ingredients. I smile in anti-
pation, but it will be a few
days because I have to finish
moving into the new shop
and build shelves and a table
in the new classroom. Going
through which I see the char-
coal and grin then suddenly
stop with a startling realiza-
tion. The charcoal is in big
lumps and, therefore, in-
efficient for incense.You got it, darlin'. I have
to find some way to grind it
to a powder. No, I have not
given up. I will let you know
just how easy it really is.Herbally yours,

Late TD's Beat Grayling 18-12

A fired-up St. Ignace team came from behind to beat Grayling 18-12 last Friday.

The Vikings put together a strong 65-yard drive in the fourth quarter to break a 6-6 tie and go ahead 12-6. Runs by Jeff Wolcott, Jeff Palmer and Wayne Casler moved Grayling to St. Ignace 17-yard line where Casler ripped off a 16-yard dash. Palmer plunged over from the one-yard line on the next play.

Grayling faked the kick and went for two points. A dropped pass left the score at 12-6 in favor of Grayling.

St. Ignace put together a 55-yard scoring drive after the kick-off to tie the game.

A 12-yard pass scored the touchdown. The extra-point kick went wide and the score was tied 12-12 with less than four minutes to play.

Grayling received the kick-off and was stopped on three plays. On fourth down, a Grayling punt was blocked and recovered by St. Ignace on the Viking 45.

An 8-yard St. Ignace run capped a 45-yard drive with 1:40 left in the game. That ended the scoring as an extra-point kick was missed.

St. Ignace scored the first touchdown of the game in the second quarter on a 45-yard punt return. Their pass for two points went incomplete. Grayling fumbled the ball

on the next possession and St. Ignace had another chance to score. A fumble recovery by Jim Laurent stopped them cold at the Grayling 30.

From the 30, Grayling drove 70 yards to score. The running of Wolcott and Palmer, with passes of 14 yards to Tom Shively and six yards to Casler, moved the ball to the one-yard line. Wolcott dove over for the score. A kick by McEvers was blocked.

Wolcott wound up with 93 yards on 21 rushes. Palmer gained 45 yards on 13 tries, Shively 24 yards on 6, Casler 32 yards on 4, and Anteau 3

yards on 2 attempts. Jim Laurent led the team in tackles with 14. Ward Jones had 9, Flaskie Robins 9, Rick Sprague 9, Wolcott 8, and Palmer 7. Jeff Golnick, Laurent, and Scott VanDeVen recovered fumbles.

Todd Klinger intercepted one St. Ignace pass. Head Viking coach Bill Klinger said the running of Wayne Casler was a nice surprise for Grayling. Casler averaged 8 yards a carry.

Grayling plays its last home game Friday against Boyne City and it will also be Homecoming for the Vikings.

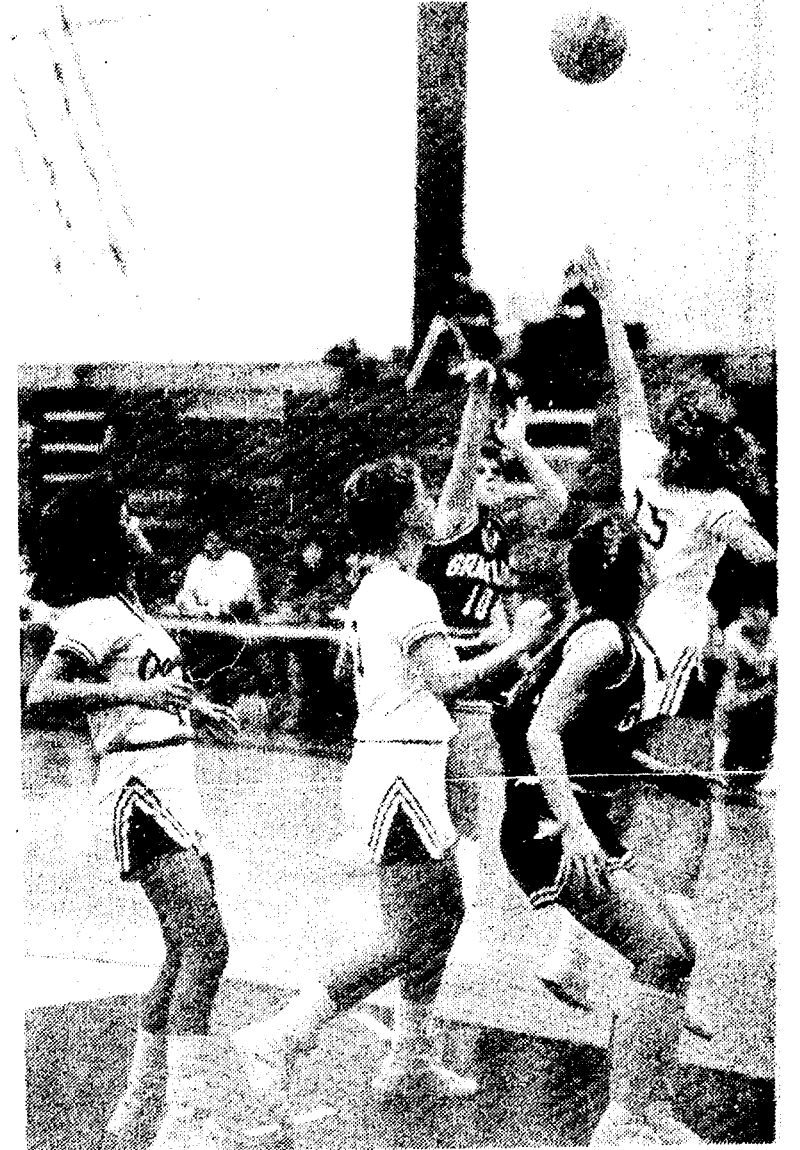

lead in the last seven minutes to take control. Grayling is 4-5 overall and faced Rogers City Tuesday at home to complete the first half of league play.

Thursday night, Grayling plays Petoskey at home for Parents' Night. Last Tuesday, Grayling's furious fourth quarter comeback fell short as Charlevoix won 42-37.

Grayling's offense was shut down as Charlevoix led 6-3, 16-7, and 32-15 at the

quarter marks. The Vikings finally scored 22 points in the last eight minutes but it was too late.

Denton again led Grayling with 16 points and 9 rebounds. Denton hit 8 of 9 from the line in the fourth quarter. Moore was held to 5 points but she led the team in rebounds with 14. Thayer and Peggy Kraus added 4 each, Trudgeon, Branch, and Jenny Money each had 2. Trudgeon had 6 steals to lead the team.

J.V. Girls Win 9th Straight

The Grayling junior varsity basketball win streak moved merrily on last week with two more wins.

Grayling beat Charlevoix 31-20 on Tuesday at home and beat St. Ignace away 32-24. The young girls are 9-0 for the year, and counting a six-game win streak at the end of last year, have 15 wins in a row.

Against St. Ignace, Deanna Phelps scored 11, Patti Tremblay 10, Melanie Ojala 4, Lori Gust 4, Laurie Goss 2, and Linda Goodale 1. Tremblay led the team with 11 rebounds and Ojala had 7 steals and A.J. Pratt had 5 steals.

Against Charlevoix, Tremblay scored 12, Ojala 11, Pratt 2, Gust 2, Phelps 2, and Trenary 2. Ojala led with 9 rebounds.

Grayling played Rogers City Tuesday to complete the first half of league play. J.V. coach Dan Ullery said Grayling has some tough road games coming up in the second half of the season.

penses at both hospitals," said Maher. "For example, through volume purchasing, Mark Cook has saved both hospitals thousands of dollars in expenses. Also, integration in selected managerial positions eliminates duplication between both hospitals."

Several departments in both hospitals have already integrated their services, such as the laboratory and laundry. Home health care and durable medical equipment are available through Amicare which is sponsored by both Mercy Hospitals in Cadillac and Grayling. The health care institutions

also share Physical Therapy services and educational programs for management staff.

Integration also means the Catholic health care mission in northern Michigan will become stronger, say Mercy officials. Mercy Hospitals in Cadillac and Grayling will continue to promote the fundamental concepts of dignity of the individual, service to all residents of all faiths and financial status, comprehensive programs of health service, and high quality health care for all patients.

Time Runs Out For J.V. Team

Time ran out on the Grayling J.V. team as they were driving to tie the score in a 20-12 loss against St. Ignace Thursday at home.

The Vikings reached the 15-yard line before time expired lowering their season record to 3-2-1.

Grayling started the game in a hole. They fumbled the kickoff and had to start the game from the one-yard line. The Vikings were stopped short of a first down and had to punt from the ten. They got off a good punt but it was called back because of a penalty. Punting from the five, the second kick wasn't as good as the first and St. Ignace took over at the Grayling 25. They scored on two plays and ran in the extra points for an 8-0 lead.

Craig Hudson caught a ten-yard touchdown pass to bring Grayling back in the first half. Hudson also caught a 50-yard pass to help Grayling against St. Ignace. The extra-point attempt was stopped when a pitch was fumbled on a run.

In the second half, Grayling penalties helped St. Ignace move downfield for two scores. The Vikings had 150 yards in penalties for the night.

Grayling fought back to score on a Rusty Argue 17-yard run with six minutes to do. A pass for extra points was knocked down leaving the score at 20-12.

Brian Kernstock and John Gay were the leading Grayling tacklers. Ted Baynham also turned in a solid defensive game.

Mrs. Fern Walfer is a patient at Elma Hospital. Her many friends wish her a speedy recovery.

Mr. and Mrs. Bill Koerke spent a few days in Saline visiting their daughter and her husband, Mr. and Mrs. Tom Stalker and sons; also their son Jim in Ann Arbor.

Tom Jones and son, Tom Jr., of Ohio enjoyed a few days fishing in the North Branch.

The Cheerful Givers Club will meet Thursday evening at 7:30 at the club room.

Senior Citizens Day will be on Friday, October 17, starting with blood pressure being taken at 11:30, dinner at 12. Plan to attend and enjoy the day.

New books at the library are "Matters of the Heart" by Charlotte Vale Allen, and "Ironweed" by William Kennedy.

CPR Training

Mercy Hospital, Grayling will sponsor a three-hour training session for parents and other child care providers on the application of CPR (cardiopulmonary resuscitation) on infants and children.

Choking procedures will be reviewed, and dolls will be available to practice CPR procedures on. This program is especially valuable for residents in rural areas because of the distance ambulance personnel need to travel to provide assistance.

The CPR program will begin at 7 p.m. on Wednesday, October 22 in the Lower Riverside Room of Mercy Hospital (entrance at the parking lot behind the hospital). Persons interested in the class should register with Pat Hanson by calling 348-5461, extension 120 by October 20. Because of space, enrollments will be limited. There is no fee for this class.

water safety in 1985-86 in courses taught by Jean Schmidt. In the years to come, how many lives will be saved or accidents avoided by these students?

Not quite as dramatic, but certainly beneficial to county residents was the blood pressure screening of 506 persons performed by Myrtle McPhail through Red Cross Health and Nursing services.

Gerry Muth and two Red Cross case workers handled 190 calls for Service to Military Families in 1985-86. Who would handle this if the Red Cross didn't?

The Crawford County chapter also provided more than 224 hours of volunteer help for the V.A. clinic in Gaylord during 1985-86. Bill and Marion Joseph headed this effort.

Perhaps the most visible service Red Cross performs in Crawford County is the

blood program. For 1985-86, 820 donors in the county contributed 590 good pints of a special life-saving liquid called blood. Betty Pamerleau and Loretta Hanson led 105 volunteers in operating seven blood banks, four at the Legion, two at the high school, and one in Frederic. Mike Wieland and students Kim McDonough, Jenni Branch, and Lori Dean conducted the blood banks at the high school.

Jeff Regan, chairman of the county chapter for 1986-87, Paul Thomson, vice-chairman for 86-87, Harrison Goodhue, director, and the other volunteers mentioned are starting another year of giving free services to the county. If you would like to donate to the Crawford County Chapter of American Red Cross, contributions may be sent to Red Cross, P.O. Box 649, Grayling, or stop by their office at the front of the Avalanche.

RED CROSS DOWNTOWN OFFICE — Shirley Parks, Crawford County Chapter executive director, and George Pamerleau, past-chairman of the Red Cross county chapter, discuss Red Cross services at the Crawford County Red Cross office in the front of the Avalanche at 100 Michigan Avenue. The office is open 1-3 p.m. Monday, Wednesday, and Friday, and is the place to go for information on Red Cross services. The office phone number is 348-9745.

Did you know that since the first Associated Press college football poll in 1936, only 8 teams have won the national championship 2 years in a row—Minnesota in 1940 and '41... Army in 1944 and '45... Notre Dame in 1946 and '47... Oklahoma in 1955 and '56... Alabama in 1956 and '57... Nebraska in 1970 and '71... Oklahoma in 1974 and '75... and Alabama in 1978 and '79.

One of the most unbelievable football series of all-time was the one between the University of Pittsburgh and Fordham University... They played 3 games, in 1935, '36 and '37, and, amazingly, NEITHER team scored ANY points in ANY OF THOSE GAMES!... They played 3 straight 0-0 games!

Here's a quiz for you... There are just 8 major-college football teams in the nation whose nicknames DON'T end in the letter "s"... How many of the 8 can you name?... They are the Alabama Crimson Tide... Illinois Illini... North Carolina State Wolfpack... Notre Dame Fighting Irish... Stanford Cardinal... Syracuse Orange... Tulane Green Wave... And, the Tulsa Hurricane.

I bet you didn't know... Today is New car showing! We are proud to celebrate 1987 model announcements. We have all new Pontiacs, Cadillacs, Buicks, Oldsmobiles, Chevrolets, Chryslers, Plymouths and Dodges. Please stop and see the new models. Be our guest!

Someday the stores in the Mall will wonder where the customers are. Too many accidents occur when drivers try to leave the Mall or enter K mart.

Could I suggest a service drive from the light at 72 East? Even a traffic light would be an advantage, enough to slow I-75 drivers.

Notes From Chris Clover

The Leader Dog Club is one part of 4-H of which we are extremely proud. The person primarily responsible for this very important club is Leader, Nancy Hatfield. Working in cooperation with the Grayling Lions Club, Nancy and the past members of her club have delivered many young dogs to the School for Leader Dogs in Rochester. This is something from which she gets great satisfaction.

Nancy is married, has two children, and is a native of Grayling. She is in her eighth year working with the Leader Dog Club and for the past three years has also been involved with the Veterinary Science Club.

In addition to the youth programs she runs, Nancy has also served the Crawford County 4-H Leader Council as Treasurer for three years, Vice President for four years and is currently President of the Council. All of us in this community should be proud of this ladies accomplishments and we in 4-H salute her and look forward to her leadership in the future. Thank you, Nancy!

A couple of upcoming clubs of which you should be aware: The Cross Country Ski Club for Grayling will hold sign-up in the basement of the courthouse, Monday, November 3rd between 7:00 p.m. and 9:00 p.m. We need adults for this program and you don't have to be an expert. Here's your chance to get some excellent exercise and enjoy the company of young people.

There will be a Babysitting Short Course held in the basement of the courthouse. The program will run four weeks and meet from 3:30 to 4:30 p.m. on November 12, 20th, and 26th, and December 3rd. The program will include information on first aid, child care, snacks, activities for children, how to handle emergencies and much more.

Put these dates on your calendar now.

The Grayling 4-H T-Ball Club participated in the Glen's Save-Share Program and received a check for \$82.96. This will go a long way in providing equipment for the program.

Crawford County Board of Commissioners

September 25, 1986 — Regular Meeting

SYNOPSIS

The Regular Meeting of the Crawford County Board of Commissioners convened at 9:30 AM on September 25, 1986 in the City of Grayling, Michigan.

Commissioners present were: Kitchen, Harland, Miller, Ruddy & Joyce. Mattis - absent.

County Clerk Elizabeth Wieland was present.

There were 11 visitors present at various times.

A special offering was given for the family of Commissioner Andie Neilson who passed away September 13, 1986.

IN FORMAL ACTION, COMMISSIONERS:

—Accepted the September 9, 1986 minutes as presented.

—Approved the following: An additional \$15.00 each for the registration of two District Court employees to enroll in the Computer Science class offered at the high school; payment of a Fish Hatchery Fund Voucher in the amount of \$40.50; purchase of two Assessor's Training Manuals at a cost of \$35.00 each and ordered the publication of the May corrections conference "Community Corrections in Michigan: Building for the Future" at a cost of \$5.00 each.

—Amended the agenda to consider items under new business and any other that needs a 2/3 approval by the Board as Comm. Joyce must leave by 11 AM.

—Appointed Anna Mae Neilson to fill the vacancy on the Board of Commissioners in the 3rd District for the remainder of the term 12-31-86.

—Adopted a Resolution approving and directing the Chairperson to enter into the Housing Preservation Grant Agreement with the U.S. Farmers Home Adm. in the amount of \$150,000.00 for 1987-88 as presented.

—Accepted the recommendation from Commission on Aging and confirmed the re-appointment of Helen Leykauf to the Commission on Aging for a 4 year term ending August 14, 1990.

—Accepted 25 pieces of communications as presented.

—Approved the County Child Care Budget Summary in the amount of \$113,355.82 with the Michigan Dept. of Social Services for the office of Children & Youth Services, as requested.

—Waived the Board's policy on the freeze of new hires or replacements and approved the hiring of a part-time employee in District Court as requested.

—Adopted a Resolution noting the loss by death of Andie Neilson, his years of service in public office and his contributions to the decisions of the Board.

—Waived the Board's policy on the freeze of new hires or replacements and authorized the Sheriff to hire two part-time dispatchers under the non-union employment policy.

—Supported Hillsdale County's Resolution opposing military establishment interfering with free enterprise around military bases causing a hardship on small business.

—Supported Arenac County's Resolution to restore Social Security benefits to individuals who were born between 1917 & 1921 to 100% the same as other recipients.

—Recessed the Regular Meeting and held a Public Hearing on Truth & Taxation, A handbook prepared by Treasurer Wakeley on reduction fractions was reviewed. Comments and questions raised by Bernard Rust relative to growth in population, commercial and industrial properties were also answered.

IN OTHER BUSINESS, COMMISSIONERS:

—Appointed Comm. Ruddy to the AuSable Valley Youth Service Bureau to fill a vacancy.

—Acknowledged and signed the Teamsters contract for 1986-1987.

—Were informed that over 204 complaints were answered by the Sheriff Dept. at Camp Grayling this summer.

—Informed news media that the County has never carried insurance on the K-9 Unit dog, therefore, no insurance has been dropped. Nothing has changed since the agreement was executed in 1983.

—Acknowledged the receipt for the lectern & overhead projector. Consensus of the Board was MI Northern Counties would not be asked to share in the purchase, as their meetings may be moved and the equipment should stay in our County.

—Learned MERS has had excellent investment rates and several municipalities will have a reduced, or zero, premium the next fiscal year. Retirement for Commissioners as well as other Elected Officials will be pursued.

—Heard the City Housing Commission will renew the lease for the Commission on Aging for another year at the present rate.

—Heard brief updates from various other committees. Meeting adjourned at 3:12 p.m.

Full text of official minutes are on file in the Clerk's office.

City Council Proceedings

Regular meeting of the City Council held September 8, 1986. Meeting called to order by Mayor Thompson at 7:30 p.m.

Members present: Sloan, Thompson, Latuszek, White, Golinick.

Members absent: None.

Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; A. Donald Sorenson, D.P.W.

Motion by Sloan, supported by White that the minutes of the meeting of August 25, 1986 be approved as presented. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Citizens who wish to speak. Ass't. Fire Chief Goodale and Chief Wilcox appeared with some of the Firemen to take part in a presentation ceremony. The City Manager presented Michigan Firefighter Training Council Certificates to eight Grayling City-Grayling Township Firemen. Those receiving the certificates were Art Clough, Jeff Bond, Ron Pearce, Jed Blaauw, Ed Ventline, Steve Doyle, Alan Boyk, Russell Strohpaul. Councilpersons congratulated the recipients on the completion of 132 hours of their training as Fire Fighter I.

Communications were received and noted.

From Michigan Historical Commission re: Listing of former Grayling Depot as Historic Site.

From M.M.L. re: Federal Information Bulletin.

From Police Chief Stephan re: August Police Report.

From City Treasurer re: August Gasoline Report.

From M.M.L. re: Legislative Bulletin.

The City Manager reported that the Michigan Dept. of Transportation has denied the proposed Charles Street Railroad Crossing leading to the Country Club.

From Sharon K. Failing and Cornell Real Estate. The City Manager reported that a purchase agreement has been received for Lot 3, Blk 9, of Hadleys Amended Plat in the amount of \$2,500.00 contingent on city removal of existing garage floor and foundation. He recommended sale of this tax reverted property for the proposed price.

Motion by Golinick, supported by Sloan that the offer of \$2,500.00 for Lot 3, Blk 9 of Hadley's Amended Plat be accepted. Ayes: 4, Nays: 0, Abstain: 1 (Thompson), Absent: 0, motion carried.

Old Business. None.

New Business.

Proposed 5 year lease from the U.S. Department of Agriculture was presented by the City Manager. He noted that this is the first time the Federal Government has agreed to anything but a one year lease. The lease calls for the current rent rate to be extended for the next 5 years, subject to increases based on increased operating costs.

Motion by Golinick, supported by Thompson that the City Manager be authorized to enter into a 5 year lease agreement with the United States Department of Agriculture for 1278 sq. ft. of city hall office space at the current rental rate for the first year and subject to revision in subsequent years based on analysis of current operating costs. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Terry Wright was supposed to be present to discuss with Council some of the Chamber Activities and a possible Michigan Equity Grant Application, however, he was unable to attend the meeting. Mr. Morford suggested postponing discussion until a future meeting.

The City Manager proposed to Council that they annex by resolution the 15.15 acres east of the former landfill. This property is owned by the City and is contiguous with the City. There was general discussion of the area. He also said that when the property is annexed it should be rezoned for industrial use since this would be the most practical use for the property. Council agreed.

Gordon Thompson proposed the re-opening to traffic of the area between Plum and Ingham Streets which was closed during the recent street construction. His justification for this request is that he feels access to his commercial property is unduly restricted.

Motion by Golinick, supported by Sloan that the area be-

tween Plum and Ingham Streets be re-opened as a street. Ayes: 4, Nays: 0, Abstain: 1 (Thompson), Absent: 0, motion carried.

Reports of City Manager. Mr. Morford reported on the following:

City Park Playground progress and request that a fence be installed.

1986 M.M.L. Conference attendees. Mr. Morford, Mr. Schreiner and Councilpersons Robert Golinick, Joseph White and Dorothy Latuszek will attend all or part of the conference.

Hiring of Custodian for City Hall. The City Manager noted that he has hired Mr. Roy Knight effective 9-23-86.

Reports of Council Members.

Mr. Sloan noted that if his days off are changed he may not be able to attend Housing Commission meetings.

Adjournment.

Motion by Golinick, supported by White that the meeting be adjourned. Ayes: 4, Nays: 0, Abstain: 1 (Thompson), Absent: 0, motion carried. The meeting was adjourned at 8:46 p.m.

A request was received to vacate Romnay Avenue in Grayling Township. The Board is reviewing the request.

Discussion was held on 1986 local road projects that are 90% complete and reviewed the 1987 and 1988 local road construction projects.

A map of functional roads was received from the Michigan Department of Transportation for future planning of F.A.S. Projects.

There being no further business before the Board, a motion was made and seconded to adjourn. All voted in favor, meeting adjourned.

Albosta Visits Grayling Seniors

GRAYLING — 10th Congressional District candidate Don Albosta spoke to Grayling area Seniors Monday at a "Citizenship Days" meeting held at the Holiday Inn.

Albosta spoke on several topics, including his consistent support for Seniors while serving the people of the 10th for six years. He said that his opponent, freshman Rep. Bill Schuette, was rated as having voted 70% against Seniors, voting 100% against education, and nearly always against environmental issues.

"There is a great need to continue and expand housing projects, medical assistance, and nutritional programs for Seniors in our state," Albosta said.

Following his talk, Albosta took several questions from the Citizens Day participants.

Completes ROTC Advanced Camp at Fort Lewis

ROTC Cadet Lisa M. Smith, daughter of Shirley and LTC Norman Schmooch (Ret) of Grayling and David and Linda Smith of Charlot, has just experienced a very busy but satisfying summer. Cadet Smith, who is a senior at Michigan State University majoring in humanities/pre-law, spent six weeks at ROTC Advanced Camp in Ft. Lewis, Washington, undergoing intensive infantry tactics and leadership training. This program must be successfully completed prior to a cadet being commissioned by Army ROTC. While at Ft. Lewis, Cadet Smith earned the Platoon Leadership Award as the most outstanding cadet in the 2nd Platoon B Company, a Certificate of Proficiency for successful completion of the ROTC RECONDO Training, and an additional proficiency award was given to those cadets based upon the individual's combined military skills which placed them in the top 5% of their training cycle. Lisa qualified Expert Grenadier and was also given a Sharpshooter award for the use and mastery of the M16A1 rifle.

Lisa next served Redex 86, Michigan Army National Guard Annual Summer Training as operations officer for the 144th Military Police Company out of Owosso. Her unit was responsible for manning the Enemy Prisoner of War compound, and they received the Adjutant General's Unit Safety Award for 1986. Cadet Smith was the designated Unit Safety Officer for the summer training exercise.

After this summer training in Grayling, Lisa attended the U.S. Army Airborne School in Ft. Benning, Georgia, and earned the coveted silver wings of the U.S. Army Paratroopers. Successful completion of this rigorous, physically demanding training is accompanied by a drop-out rate of approximately 30% of those who attempt it. Lisa competed for a position in this prestigious school, as cadets were selected in accordance with their academic and

physical achievements. She has been in the ROTC program Spartan Battalion at MSU since September of 1985. Other military credits have been the Academic Achievement Award for Winter Term 1986, the Sojourner's Award, the Distinguished Military Student for 1986-87. Lisa served as the Battalion Historian for 1985-86 and was recently appointed as Spartan Cadet Battalion S-5 Public Affairs and Recruiting Officer. She now holds the military rank of Cadet Major and plans to pursue an active duty commission as a 2nd Lieutenant in Air Defense Artillery after graduation in June of 1987. If chosen for this branch, Lisa will attend Officer Basic in Ft. Bliss Texas prior to going to Germany.

WHAT IS THE MATTER WITH THE LOTTERY?

FACT: In 1981, after 9 years, the Lottery profits were put into the State School Aid Fund.

FACT: 31% of the schools receive no State Aid except for Transportation and Special Education.

FACT: Many many others receive only partial State Aid.

FACT: The State Aid formula is weighted against smaller and/or rural school districts and some large districts.

OPINION: The Lottery profits (420 million or \$252 per student in 1986) should be divided among all school systems based on the most recent 4th Friday count. All school children should benefit equally from this NON-TAX money.

PLEDGE: I will as your State Senator within one calendar year gain this goal of equal distribution of the Lottery profits or I will Organize, Direct and Lead the Drive for a Constitutional Amendment to get the job done.

If you agree with me, JOSEPH W. ELLIOTT, and want the fairest division of the Lottery profits, as originally intended, then vote for me, JOSEPH W. ELLIOTT, for State Senator of the 36th Dist.

As a working Farmer I will work for Agriculture. I will work diligently for preserving the jobs we have and the creation of more jobs in Northern Michigan so our young people can stay at home.

Chamber Notes

By Terry Wright

The chambers legislative affairs committee recently met to discuss the four proposals which will appear on our local ballots on November 4, Election Day.

The proposals are: Proposal A - establishing the Library of Michigan under the legislature. Proposal B - administrative rules clarification. Proposal C - placing compensation for all state officers under the same commission. Crawford County Proposal - a property tax levy of .25 mills for two years for the continued operation of the senior citizen programs through the Crawford County Commission on Aging.

The first three proposals are not very controversial throughout the state and historically in such cases not all will pass. However, the legislative committee of the Grayling Regional Chamber of Commerce supports the passage of all three proposals.

The Crawford County proposal will have a much larger and direct effect on local voters and should be studied very carefully. The legislative affairs committee feels very strongly about our senior programs and urges the passage of this proposal.

If you are unfamiliar with the details of any of the November proposals you can pick up further information at the chamber office in the city park. Cast a quality vote by being informed of the issues and the candidates and on November 4 be sure to go to the polls.

MAN MUST LEARN!

A flight of geese heads south to their winter habitat. Going forward together—the leader unafraid to lead—the followers not ashamed to follow. And no one doubts they'll reach their destination—all flying as one.

The one thing we really know about these beautiful creatures is that they are using capabilities which God gave them.

This man must learn! To seek, to discover, to start using together capabilities which God has given us—the ones we call spiritual.

Elisabeth Elliot To Speak at Win-Some Women Retreat

God's Covenant Messiah", Larry Poller; and "Your Friendship with God", a video message by Glaphre".

The retreat bookstore will offer a fine selection of christian books, tapes, and records.

A special community banquet for men and women of all ages, will be a highlight of the retreat weekend. Elisabeth Elliot will be the after dinner speaker and music will be presented by Sharon and Robin. The banquet and program will be presented November 8th at 7:00 p.m. in the Boyne Mountain Convention Center.

More information, registration forms, and banquet tickets may be obtained by contacting your local coordinator Valerie Lehti, 348-8838, or they may be picked up at Davis Jewelry.

The retreat is sponsored by the Neighborhood Interdenominational Bible Classes of Petoskey, and all women are invited to attend.

Frederic Community Library

Ace Leng and Viola Middleton have donated to the Evelyn Brown memorial. The following memorial books have been placed on our shelves: For Ralph Sarraut - "The Hunter's World", "A Treasury of Outdoor Life" and "The Deer of North America" donated by friends. For Gilbert Sager - "The L.L. Bean Guide to the Outdoors" donated by Mr. and Mrs. William Kuchon. For Fabian Jasmin - "The Calligraphers Handbook" donated by Mr. and Mrs. Paul Henion.

Some of our new books are: "A Child's Stories of Jesus", "The Land of Nursery Rhymes", "Killdeer Mountain", "Coroner", "Dearest", "The Von Bulow Affair", "The James Coco Diet", "Vermillion", "Modern Elementary Mathematics", "Elementary Algebra" and "Almost Too Late".

Kathi has started her preschool story hour program for children ages 3-5. The program will begin on each Tuesday during the school year. She will follow the school schedule. If there is no school, due to vacation or bad weather, there will be no story hour.

The time for the story hour program is 1:30 p.m. to 3:00 p.m. in the basement of the Frederic Township Hall, County Road 612, West, 7564 Kelly Avenue. There is no charge for this program. Kathi will tell you if there are any supplies your child will need.

The library is open Monday thru Friday, 9 - 5 p.m., bring your child to Kathi's program and come upstairs and look over our selection of books.

A TRULY REMARKABLE MAN IS 47-YEAR OLD PHIL NEIKRO.

HIS FAMOUS FLUTTERING KNUCKLEBALL HAS BEEN BAFFLING PLAYERS FOR YEARS! AND SOMETIMES HE SURPRISES BATTERS WITH HIS "BLOOPER" PITCH — A SLOW THROW THAT GOES A COUPLE OF FEET HIGHER THAN THE HITTER'S HEAD AND DROPS INTO THE STRIKE ZONE. NEIKRO DISRUPTS A BATTER'S TIMING. HE USES HIS ARM, HEAD AND HEART TO WIN.

PHIL, WHO SPENT MOST OF HIS CAREER WITH THE BRAVES, IS NOW WITH THE INDIANS! HE WON HIS 300th CAREER GAME LAST YEAR... A REAL ACCOMPLISHMENT!

HE'S A FUTURE HALL OF FAME.

HIS BROTHER JOE ALSO THROWS THE KNUCKLE BALL

Red Cross Disaster Specialists

Approximately 175 Red Cross disaster specialists from 25 states have come in to Michigan to give disaster relief to families who have suffered losses in the recent devastating flood which affected 9,602 Michigan families, according to Michael E. Carroll, Director of the Red Cross Disaster Operation, headquartered in Saginaw.

As of Monday, September 22 - 1,136 families in Michigan had registered for Red Cross emergency assistance at 12 disaster service centers. The centers are located at:

Alma in Gratiot County, at the First Church of God, 200

W. Superior.

Grand Rapids in Kent County at the Red Cross Chapter, 1050 Fuller Ave., NE.

Mt. Pleasant in Isabella County at the Old Fire Hall, 120 University.

Vassar in Tuscola County at the Ivan Middleton Hall at the Fairgrounds.

Midland in Midland County at the Regina Center, 1025 E. Wheeler.

Barryton for Mecosta and Oshtemo Counties at the Barryton Civic Center.

Bay City in Bay County at the Handy High School Gym, 601 Blend.

Saginaw for Saginaw County at the First Baptist Church, 322 Jefferson.

Newaygo in Newaygo County at St. Bartholomew Church, 599 Brooks.

Ludington in Mason County at the City Center Bldg., Room 201.

Muskegon for Muskegon and Oceana Counties at the Red Cross Chapter, 313 W. Webster.

Elkton in Huron County at the Elkton Village Hall, 57 N. Main.

losses.

All Red Cross assistance is free, made possible through United Way allocations and direct donations from the American people.

Clean-up kits consisting of a broom, mop, liquid cleaner, disinfectant and other cleaning supplies are available at all service centers.

By Sunday, 22,535 meals had been served to victims and workers at fixed and mobile feeding sites. Thirty mobile feeding units from nine states are assisting in the feeding operations.

Carroll praised the outstanding community support given throughout the affected area.

PUBLIC TELEVISION CHALLENGE — Eleven members of the Crawford AuSable Federation of Teachers will be manning the phones Sunday, October 19, from 4 to 8 p.m. on the CMU Public Television channel 6. The CAFT will donate \$500 if Crawford County residents can join together and call in enough pledges to match the \$500. In front are Gayle Praise, Dora Lantzsch, and Linda Loft. Back, left to right, Dorothy Stinehour, Carl Hatfield, Marianne Knepp, Lynn Thompson, Charles Kolb, and Nancy Lemmen. Not pictured but making the trip to Mt. Pleasant are Karen Wallace and Ellen Thompson.

IN MEMORIAM

In loving memory of Chester Hawley who God took home seven years ago today, October 15, 1979. God took him home, it was his will, but in our hearts we love him still. His memory is as dear today as in the hour he passed away. We often sit and think of him when we are all alone, for memory is the only friend that grief can call its own.

Sadly missed by his family

CARD OF THANKS

I would like to thank Dr.'s Gosling, Burkley, McNamara and Langdon, Rev. and Mrs. Jeff Regan and family, and the staff of Mercy Hospital for the excellent care. Also our friends, neighbors and family for their calls and visits, the beautiful cards, flowers and gifts I received while a patient.

God bless all of you
Clifford Bellmore
